

Ohio's three regional Make A Difference Day Events were very successful! The three Governors report on their events and offer thanks:

- Central Governor Ali Winter: On Saturday, November 10th, a group of 14 central region students volunteered at the Childhood League Center, an organization that donates children's clothing and toys to disadvantaged families. We helped keep bins of clothing organized, kept the area clean, set everything back up after the event, and even got the chance to help a mother shop by holding her baby! Everyone had fun talking and working together. Thank you to everyone who came because you really did make a difference!
- South Governor Ryan Burns: On October 20th, a group of 10 dedicated OJCLers volunteered at California Woods Nature Preserve. They worked hard throughout the day mulching trails, raking leaves, and overall helping restore beauty to the nature preserve. As a whole, the group restored an entire trail which will be used in December for a youth outdoors camp. Thank you to everyone who participated and worked hard at the event!
- North Governor Emma Davis: TBA

Ohio's Spring Regional Service Events were very successful! The three Governors report on their events and offer their thanks

- North Governor Emma Davis: The North service event took place on May 19 at Hubbard Valley Park. Although there was a high chance of rain, the weather turned out lovely. Thirteen wonderful volunteers offered four hours of their time cleaning up the park and picnic area. We broke up into small groups of two or three and worked on different areas of the park before meeting back at the end for a pizza party! Many thanks to the volunteers and Magistra Sawan for attending the event. Overall, the OJCL left the park spotless.
- Central Governor Ali Winter: On Saturday, May 12, a snazzy group of eight OJCLers from the central region got together to volunteer at NNEMAP food pantry. We performed a variety of tasks: bagging dog and cat food into distributable portions, sorting cliff bars to be handed out, and scrubbing potatoes. Everyone had a great time hanging out and helping the community! Thanks to everyone who came and to NNEMAP food pantry for making this possible!
- South Governor Ryan Burns: On May 19, an amazing crew of about thirty southern OJCLers worked together at Hands Against Hunger packing meals for starving children. Each student performed an important piece of an assembly line packing the nutrient rich meals to be sent to needy children. Overall, with our work throughout the day, we helped feed about 100,000 children! Thanks to all the volunteers who worked hard throughout the event.
