

The Torch

Elementary School Edition

Latin is fun!

When you study Latin, you don't just learn a foreign language; you learn a lot of other interesting things!

You will join a community of people in Ohio who love Latin. You will be part of OJCL (Ohio Junior Classical League). You can join activities such as conventions where students from different schools meet, wear togas (Roman costume), do school cheers, join contests in exams, arts, and giving speeches.
